

Afghani Community in Hobart visited the LBT on 17th May 2015.

More than 40 people arrived in a convoy of 11 cars on a frosty Sunday morning. These Tasmanians have a refugee or asylum seeker background. Many have been living in Hobart since 2009, and some are more recently arrived.

Everyone went out on The Nancy, with 4 trips skippered by Martin, with Deb as crew.

Quite a few tried rowing for the first time, with 5 crews taken out by Jane and Tess in Imagine.

Morning tea and a picnic lunch was enjoyed in the sunshine outside of the LBT shed.

Usually a smaller group comes for a social visit to Martin & Deb's place, but the draw of also going boating almost doubled the numbers. For the first time the group included a number of men and children.

The group really felt welcome and had a fun time, with singing and dancing breaking out while on the boats! They send a huge thankyou and are interested in coming again.
